10 ways Xero makes your business & life better

Beautiful accounting software

Purpose Accountants

Think. Innovate. Differentiate.

1. Get paid faster

Beautiful accounting software

Purpose Accountants

Think. Innovate. Differentiate.

Invoice from your office or immediately while on-the-go.

Invoices sent immediately, reminders sent automatically, late fees applied, follow up done....and your money comes in faster, while you spend time on other things. Fun things.

Purpose Accountants

App Integrations: Debtor Management

Purpose Accountants

Think. Innovate. Differentiate.

2. No more annoying little bits of paper

Beautiful accounting software

Purpose Accountants

Think. Innovate. Differentiate.

No more worrying about lost receipts and handwritten notes (all mixed in with gum wrappers and coins).

Snap a photo on your phone, log it in, job done.

The Xero Touch app is available on iOS and Android devices.

Purpose Accountants

Think. Innovate. Differentiate.

App Integrations: Expenses

Think. Innovate. Differentiate.

3. Records accessible by your financial advisor instantly

Beautiful accounting software

Purpose Accountants

Business owner

Accountant

Xero allows your financial advisor to collaborate with you anywhere, anytime. No more compiling spreadsheets, transferring files or finding paperwork. No more dreading that meeting with your accountant or bookkeeper.

Purpose Accountants

Think. Innovate. Differentiate.

4. Bank reconciliations are actually fun

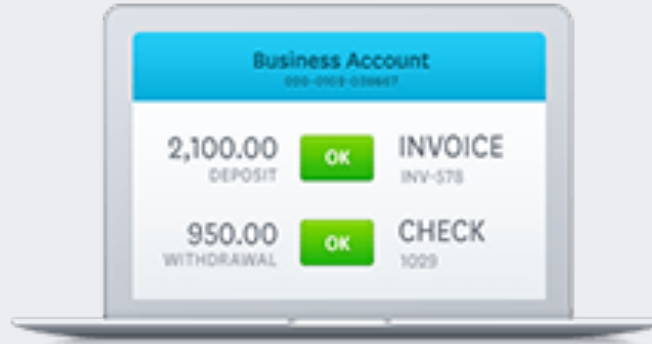

Beautiful accounting software

Purpose Accountants

Think. Innovate. Differentiate.

Check transactions instantly so there's no time for confusion. Through bank feeds, transactions are imported from your banks and credit cards every day. You may actually be disappointed not to have anything to reconcile.

Purpose Accountants

Think. Innovate. Differentiate.

5. Quotes and proposals take seconds, not hours

Beautiful accounting software

Purpose Accountants

Think. Innovate. Differentiate.

Create and edit templates, email them to prospective customers, and let them click to accept online. Proposals accepted, work can begin.

Purpose Accountants

Think. Innovate. Differentiate.

App Integrations: Quoting and Estimates

Quotient

TRADIFY

Workflow **MAX**

Purpose Accountants

Think. Innovate. Differentiate.

6. No more lost or overstocked inventory

Beautiful accounting software

Purpose Accountants

Think. Innovate. Differentiate.

Link your inventory items with Xero so your sales, purchases, adjustments, and contacts are instantly updated.

Purpose Accountants

Think. Innovate. Differentiate.

App Integrations: Inventory Management

Purpose Accountants

Think. Innovate. Differentiate.

7. Know where your time goes and manage payroll

Beautiful accounting software

Purpose Accountants

Think. Innovate. Differentiate.

Schedule jobs, track time, set tasks, create time sheets, and arrange appointments – and then seamlessly connect it with your invoicing and payments in Xero.

Manage payroll costs, tax payments and tax filings.

Purpose Accountants

Think. Innovate. Differentiate.

App Integrations: Time & Payroll Management

Think. Innovate. Differentiate.

8. Know when cash is coming in so you can plan

Beautiful accounting software

Purpose Accountants

Think. Innovate. Differentiate.

Cash flow forecasts. Budgets. Profit improvement.

Instead of reviewing these once a year, you review all the time so you can launch that product, buy that equipment, hire new employees.
Faster.

Purpose Accountants

Think. Innovate. Differentiate.

App Integrations: Financial Analysis

Purpose Accountants

Think. Innovate. Differentiate.

9. More time for customer service

Beautiful accounting software

Purpose Accountants

Think. Innovate. Differentiate.

More time to actually talk to your customers and prospects – make sure they're happy, sort issues quickly, get feedback and provide information about your products and services.

And get more sales as a result.

Purpose Accountants

Think. Innovate. Differentiate.

App Integrations: CRM

Purpose Accountants

Think. Innovate. Differentiate.

10. More time for sales and marketing

Beautiful accounting software

Purpose Accountants

Think. Innovate. Differentiate.

Time to start thinking about your new service or product. Attend networking events. Give speaking engagements. Sell online.

Do whatever you want, when you want to.
